

LAB TEST INSTRUCTIONS

Thank you for ordering your lab tests with Evexia Diagnostics.
Please follow the steps below to successfully complete your tests.

Before your tests: Review and follow any special instructions from your doctor. Some tests may require you to fast for a certain period, refrain from taking certain medication and supplements and/or refrain from certain activities. Accuracy of your test results would depend on how well you follow the instructions so be sure to check with your doctor in advance.

STEP 1: FIND A LAB

Your tests will be performed by LabCorp, a clinical lab partner of Evexia Diagnostics. Find a convenient location near you using the lab locator to make an appointment on the LabCorp website.

Web: <https://www.labcorp.com/labs-and-appointments>

STEP 2: VISIT A LAB

Bring: (1) Lab Order Form (LabCorp logo with "Patient Service Center Request")
(2) Photo Identification

STEP 3: AT LAB / PATIENT SERVICE CENTER

- ** Do not show a proof of insurance
- ** Do not make any payment

If the Patient Service Center you are visiting is unable to find your lab order in their system, please call Evexia Diagnostics customer support at **888-852-2723** for assistance. Evexia Diagnostics Customer Service representative will ask for your first name, last name and date of birth to locate the test order information to assist you.
